Mohammédia,
Open to relocation

Dedicated Full-Stack Web Developer with a specialized focus on Cybersecurity and EdTech solutions. With over 3 years of experience managing digital educational platforms and leading technical teams, I am passionate about integrating Artificial Intelligence to build secure, innovative systems that enhance the user learning experience.

PROFESSIONAL EXPERIENCES

- **April 2026 – Today| Hybrid**

Share'in
casablanca

Software & Cybersecurity Engineer (EdTech Systems)

- System Architecture & AI: Engineered scalable Moodle platforms integrated with AI tools to automate and optimize educational workflows.
- Cybersecurity & Infrastructure: Implemented "Security by Design" protocols and conducted vulnerability assessments to fortify system architecture.

- **September 2025 - Today**

MASAQ Center
Fès

Head of Technical Committee – MASAQ Center

Missions: To deliver flawless technical operations for conferences and the flagship event La Sira Animée, with complex audiovisual and livestreaming requirements.
Solution: Led the technical team, set up full AV infrastructure (sound, lighting, projection), and implemented a reliable live-streaming system.
Result: Zero technical issues during events and a significant increase in audience reach thanks to high-quality online streaming.

- **2021 - Today**

Online Platform

Founder of La Route du Succès Étudiant

- Founded an academic guidance platform for students.
- Created a centralized digital hub to assist Faculty of Arts students in accessing study materials, exam schedules, and administrative updates.
- Managed the platform's content and strategy to ensure students received accurate and timely educational guidance.

Technologies used : HTML5, CSS3, JavaScript, WordPress
